Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “TSA Opportunities to
5 Pursue Expanded Networks for Business Act” or the
6 “TSA OPEN for Business Act”.

7 SEC. 2. STRATEGY.

8 (a) IN GENERAL.—Subtitle B of title XVI of the
9 Homeland Security Act of 2002 (6 U.S.C. 563 et seq.)
10 is amended by adding at the end following new section:

11 "SEC. 1617. DIVERSIFIED TECHNOLOGY STAKEHOLDER
12 MARKETPLACE.

13 “(a) IN GENERAL.—Not later than 120 days after
14 the date of the enactment of this section, the Adminis-

17 on Commerce, Science, and Transportation of the Senate
18 a strategy to diversify the technology stakeholder market-
19 place that the Administrator relies upon to acquire secu-
20 rity screening technologies, including by increased partici-
21 pation of small business innovators.

22 "(b) CONTENTS.—The strategy required under sub-
23 section (a) shall include the following:

24 “(1) Information on how Administration solici-
25 tation, testing, evaluation, piloting, acquisition, and

1 procurement processes impact the Administrator's
2 ability to acquire from a technology stakeholder, in-
3 cluding a small business innovator, that has not pre-
4 viously provided technology to the Administration,
5 an innovative technology or capability with the po-
6 tential to enhance transportation security.

7 "(2) Specific actions that the Administrator will
8 take, including modifications to the processes de-
9 scribed in paragraph (1), to foster diversification
10 within the technology stakeholder marketplace, to-
11 gether with information on projected timelines for
12 such actions.

13 "(3) Plans for how the Administrator may, to
14 the extent practicable, assist a small business inno-
15 vator at certain points in such processes, including
16 when such an innovator lacks adequate resources to
17 participate in such processes, to help ensure that an
18 advanced technology or capability can be developed
19 and acquired by the Administrator.

20 "(4) A feasibility assessment of partnering with
21 an organization described in section 501(c)(3) of the
22 Internal Revenue Code of 1986 and exempt from tax
23 under section 501(a) of such Code to help provide
24 venture capital to businesses, particularly small busi-
25 ness innovators, for commercialization of innovative

1 homeland security technologies that are expected to
2 be ready for commercialization in the near term and
3 within 36 months. In conducting such feasibility as-

12 ligence community to help businesses, particu-
13 larly small business innovators, commercialize
14 innovative security-related technologies.

15 “(B) Enhanced engagement, either
